

# Novartis Ireland Supports The Saoirse Foundation's BUMBLEance

Feb 19, 2020

Novartis Ireland is delighted to support The Saoirse Foundation's BUMBLEance service which provides the world's first ambulance service specifically designed and tailored for children<sup>1</sup>.

"This support means that we can transport more children and families facing immense struggles. It means we can make their journeys somewhat more comfortable and less stressful. On behalf of all here at BUMBLEance, thank you so much Novartis!" BUMBLEance Charity Manager, Helen Beatty.

A big thank you to the Saoirse Foundation and their Bumbleance Driver, John McGuinness for kindly giving us a tour of the BUMBLEance at the Novartis office in Elm Park, Dublin.
