

The Art of MS - Symptoms Under the Spotlight exhibition

Oct 28, 2022

Marking World MS Day, Novartis partnered with MS Ireland to host an art exhibition featuring 12 original artworks from people living with MS in Ireland.

Entitled 'The Art of MS - Symptoms Under the Spotlight', the art depicts what it is like to live with MS, focusing on the myriad of symptoms that people experience. The exhibition was hosted in Trinity Biomedical Sciences Institute in Dublin, earlier in the year, but lives on in [The Art of MS – Symptoms Under the Spotlight | MS Ireland \(ms-society.ie\)](#).
