### **Delivering the right treatment to the right patient at the right time**

The Pharmaceuticals Division of Novartis is recognised worldwide for the innovative products, services and solutions we provide to patients, physicians and healthcare organisations. This growing business works to change the way medicine is practiced by following the science to deliver the right treatment to the right patient at the right time.

As a company focused on improving the quality of life of the patient, the Pharmaceuticals Division offers medical groups of different specialties in the following therapeutic areas including: auto-immunity, cardiovascular, dermatology, infectious diseases, metabolism, neuroscience, oncology, ophthalmology, respiratory, rheumatology and transplantation.

The Division is organised into global business franchises and an Oncology business unit. To learn more about Novartis products please visit [www.medicines.ie](http://www.medicines.ie) <sup>[2]</sup>.

Adverse events can be reported via the HPRA. Reporting forms and information can be found

at <http://hpra.ie/homepage/about-us/report-an-issue> [3].

Adverse events should also be reported to Novartis via [Drugsafety.dublin@novartis.com](mailto:Drugsafety.dublin@novartis.com) [4].
